

Foods! What and Where to Buy—How to Cook and Serve

Hard to Conceive of Easter Unless We Have Eggs for Our Breakfast

By LENO OSBORNE.

LENO OSBORNE
a friend of serving them anyway in the world but hard-boiled, and by "hard-boiled" it means that very way.

Hard Boiled Eggs.

Put eggs in cold water to cover at least three inches deep, put over heat and bring to boiling point, cooking just below boiling point for least forty minutes. Remove from the fire—take out of boiling water—plunge in cold water, take from that and dry before peeling. This makes a real hard-boiled egg with dry meaty yolk and firm tender whites.

Eggs for other meals of the day are served in many other ways. Try some of these—I know you will like them.

Baked Eggs in Potato Cases.
Cook sufficient potatoes and mash the evening before needed. Season nicely as for the table. Flour the baking-board, pat the potato out into a thick cake (three cups of potatoes will make five or six cases) cut with a cake-cutter and lay on a buttered tin; with your fingers press a hollow in each cake. This can be done while the potato is warm at night. In the morning brush the cases with milk and place in the oven to brown. When hot and nearly brown enough, drop an egg into each case, with a dash of salt and pepper, and a bit of butter on each egg. Bake until the egg is set. Garnish with parsley.

A Hen's Nest.
This is a very splendid dish and favorite with everyone:
6 hard cooked eggs
1 cup of chicken, ham or meat

1/2 teaspoon salt.
Separate the whites and yolks—cut whites in long strips and set aside to warm in a very gentle oven, buttering them now and then as you prepare the rest. Gild the meat and mix it as you grind with hard cooked yolks. Add the parsley, salt and pepper. When smooth mold with hands in small egg shape balls. Heap the dish and arrange the whites around in imitation of nest and pour around one cup of hot cream sauce.

Teaspoon chopped parsley
Cream Sauce.
2 tablespoons butter
2 tablespoons flour
1 cup milk
1/2 teaspoon salt.

Melt butter in the top of double boiler, blend in the flour and when smooth add milk, cooking until thick.

Chinese Eggs.
6 hard cooked eggs
6 pieces of buttered toast
Teaspoon chopped parsley
Tomato sauce.

Separate the whites and yolk of six hard-boiled eggs. Cut out the whites into straws with the scissors and arrange nest shaped on the buttered toast. In the center of each nest, drop an egg yolk; sprinkle a little parsley over this, pour over hot tomato sauce and serve at once.

Hot Tomato Sauce.
3 tablespoons butter
2 tablespoons flour
1 cup tomato juice
1 teaspoon minced onion
1/2 teaspoon salt.

Blend in flour and butter in top of double boiler; add other ingredients and cook until thick.

Hard's Nest Salad.
4 hard cooked eggs
1 cup creamed cheese
1 teaspoon salt
1 teaspoon paprika
1 head lettuce

1/2 cup French dressing.
Take the yolks of four hard cooked eggs and rub to a paste with the cheese. Season with the salt and paprika and make into egg shaped balls. Make a nest of the shredded whites and lay the balls on it. Surround with shredded lettuce leaves and serve with French dressing.

Novel Egg Salad.

3 hard cooked eggs
1 cup mayonnaise
Lettuce leaves.
Cut the eggs across and remove the yolks carefully. Also cut tiny slices from the bottom of the whites so it will stand. Put a leaf or two of crisp lettuce on each plate; sprinkle over grated cheese then on the cheese put the egg yolk minced fine. Stand the little white egg cups on top and fill with heavy mayonnaise or boiling dressing.

Easter Salad.

6 hard cooked eggs
1 teaspoon salt
1 tablespoon grated onion
1/2 cup mayonnaise
1 cup finely chopped cabbage.
Cut eggs in two, taking out yolk. Mash the yolk, add salt, pepper, onion and mayonnaise and mix to paste. Mold in small balls; shred the whites with the scissors and mix with shredded cabbage. Add salad dressing to hold together. Arrange on bed of lettuce and lay egg balls on top.

House Big-Navy Men Score Slight Victory

WASHINGTON, April 7.—The "blacker American navy" men in the house scored a temporary victory today when they defeated an attempt by the naval affairs committee to fix the authorized strength of the navy at 88,000 enlisted men and 6,000 apprentices. The vote was 12 to 8. Through this action the naval omnibus bill soon to be reported to the house will carry no provision fixing the authorized strength of the navy. The fight to fix a maximum limitation to naval personnel, however, will be re-opened by other legislation.

Railroad Gets Big Loan.

WASHINGTON, April 7.—The application of the Missouri & North Arkansas railroad company for a government loan of \$9,500,000 was approved today by the interstate commerce commission. The purpose of the loan is to enable the road to meet maturing indebtedness.

TRIALS MAY LAST FOR 110 YEARS

500 Men Indicted and Cost of Cases to State Would Be Seven Millions

CHARLES TOWN, W. Va., April 7.—If every one of the 500 or more men indicted as a result of the miners' so-called "rebellion" last August were brought to trial it would cost the state of West Virginia \$7,000,000, and the trial would last 110 years, according to H. W. Houston, chief counsel for the United Mine Workers. Trial of these many men is scheduled to begin at Charles Town, Jefferson county, April 24.

"Obviously the state will never attempt to try all of these cases," Houston said. "Hundreds of the 500 or more indictments will be nolle prossed. In my opinion, not more than six United Mine Workers officials will be tried as a result of the so-called insurrection."

Theoretically, if the state intends to try all the cases, it will be the longest trial in American history. But the task of trying so many men is impossible, according to Isaac Scott, acting secretary of District 17, United Mine Workers. Scott declared it is the intention of the defense to subpoena 1,000 witnesses who are widely scattered, and it would be impossible to assemble them all on the same day.

Treason Also Charged.
Quite a number of the men under indictment face charges of treason against the state. Conviction may be followed by long prison sentences, life imprisonment, or even the death penalty, if the court sees fit to impose it.

During the fighting at the height of the invasion a number of men lost their lives. Attorney Houston, for the United Mine Workers, declares that in cases where United Mine Workers members or officials are accused of treason, conspiracy and complicity in the deaths, the defense will show the union had nothing to do with the alleged rebellion.

"There were many involved who had nothing to do with the union," Houston said. "The state charges the men who are believed to be responsible for

deaths during the fighting with murder. Frank P. Walsh, international labor leader, is expected to be an attorney for the defense. Several of the leading attorneys of the state have been engaged to act as counsel for the defense.

BOMB FAILS TO EXPLODE

Enough Explosive to Wreck Big Building Put Under Home

FIFTH STREET, Pa., April 7.—A dynamite bomb which the police say was powerful enough to wreck a large building, was found early today under the dining-room window of the palatial home of Mrs. Anna McMillan, widow of Matthew E. McMillan, millionaire steel man and stock broker, the police announced this afternoon.

The dynamite mechanism had been set to touch off the bomb at 2 o'clock this morning but it failed to explode. The bomb was enclosed in a suitcase in which were found six sticks of dynamite, four dry batteries and a coil of wire. Charged paper showed that sparks had been made by the ignition apparatus but a heavy rain is believed to have prevented it functioning properly.

Latest in Siamese Twins, Cats, Live But One Day

RAN ANTONIO, Texas, April 7.—Deputy Sheriff Al Polstra has unearthed the latest in Siamese twins. The set consists of cats born to a table near here. They died at the age of one day. They are something new in twins. There was one head, one heart, the other organs are two. There are two perfectly developed bodies with four legs each and a tail for each.

FIRST REAL MOTOR BUS HAS ARRIVED

Owned by T.S.R., It Has Almost "All the Comforts of the Home"

Tulsa's first gasoline motor bus, a business-like, light and attractive vehicle, the purchase price of which, \$4,000, exceeded that of a street car, came to attention Friday to the West Fifth street terminal of the Tulsa Street Railway company after a long journey from the hands of its makers.

The bus comes near having "all the comforts of home," its seating accommodations for 25 being comfortable and cozy, its many windows affording a view in all directions, its electric fixtures promising fine illumination during night drives, its heating facilities being adequate and its well-proportioned body and springs insuring easy riding. The bus weighs 3,000 pounds. It is the latest word in motor bus type, having been manufactured by the White Car company and the Kuhlman Car company.

The bus was ordered by the Tulsa Street Railway company to afford transportation facilities eastward from Fifteenth and Quincy, where the helpline car line ends. When pending the arrival of the bus a temporary automobile unit was placed in operation. Injunction proceedings were brought against the company and service discontinued. B. Hillman, general manager, stated

yesterday that the next action of the company in the matter would be taken within the near future, adding that it had been the original intention of the company to use motor buses to supplement street car service as is becoming the general usage in many parts of the country.

Take Nail From Baby's Lung.

PEORIA, Ill., April 7.—A two-inch nail was removed from the lung of a 17-month-old baby of Mrs. and Mrs. Vertue Parr, Mason City, Ill., at Presbyterian hospital here today. The baby swallowed the nail three months ago.

Hen Grossly Deceived.
A Fullerton man says he gets two eggs a day from a single hen. His plan is ingenious and might be worth trying on a larger scale, so we print it for the benefit of some of our suburban readers.
He has arranged a mirror opposite Biddy's nest, so that when she hops off and cackles she sees in the glass what she supposes is another hen cackling. This arouses her jealousy and not to be outdone by a supposed rival, she jumps back on the nest and lays another egg.

The World Wants are useful to the biggest business corporation as well as the humblest worker.

Time for a show-down!

You've probably seen this Purina Double-Development Guarantee time after time. Surely by this time you must feel that the Purina Mills could never make this wide-open, money-back guarantee unless Purina Chows do exactly as the guarantee states.

Purina Double-Development Guarantee

Purina Chicken Chowder and Purina Baby Chick Chow, fed as directed, are guaranteed to make your chicks grow twice as fast during the first six weeks as when fed grain feeds, such as meal, stale bread, cracked wheat or other cereals. If we fail to prove this statement we will refund your money.

Trade with us today and be convinced.
Weight and satisfaction guaranteed.
FAGER BROS., Props.

COL. PURINA

DEAR SIR:

You've heard about the fellow who fed his horse sawdust to save the cost of oats. He fed the new diet for three days and was getting along fine when the horse died. Some people buy feed for their chickens, cows, and horses just like that man bought sawdust—because it's cheap. But it's not what a feed costs that counts, it's what it costs to feed it.

Take a baby chick for instance. A few cents will pay the difference between the cheapest and the best feed for that chick. Just half the baby chicks fed cheap grains never live. On the other hand, 95% of the chicks fed on Purina Chows—the best—reach a profitable maturity.

We are writing this letter to you, because we know you are after results. Look around and you will see that the feeders in Tulsa who are getting the best results—the most eggs—the most milk—the best conditioned horses—you will find they are feeding out of the Checkerboard bag. Purina produces the goods.

Another main reason why you should buy your feed from the Tulsa Feed Company is because we have the best prices on Purina Chows that have ever been offered in Tulsa. This is because we are buying in large quantities direct from the Purina Mills in St. Louis. There are no middle men and you are getting rock bottom prices. Drop into our store at 411 East First Street, or 125 West First Street or call Osage 1818 or Osage 240. We just want the opportunity to show you how the famous Purina Chows can produce results and save you money.

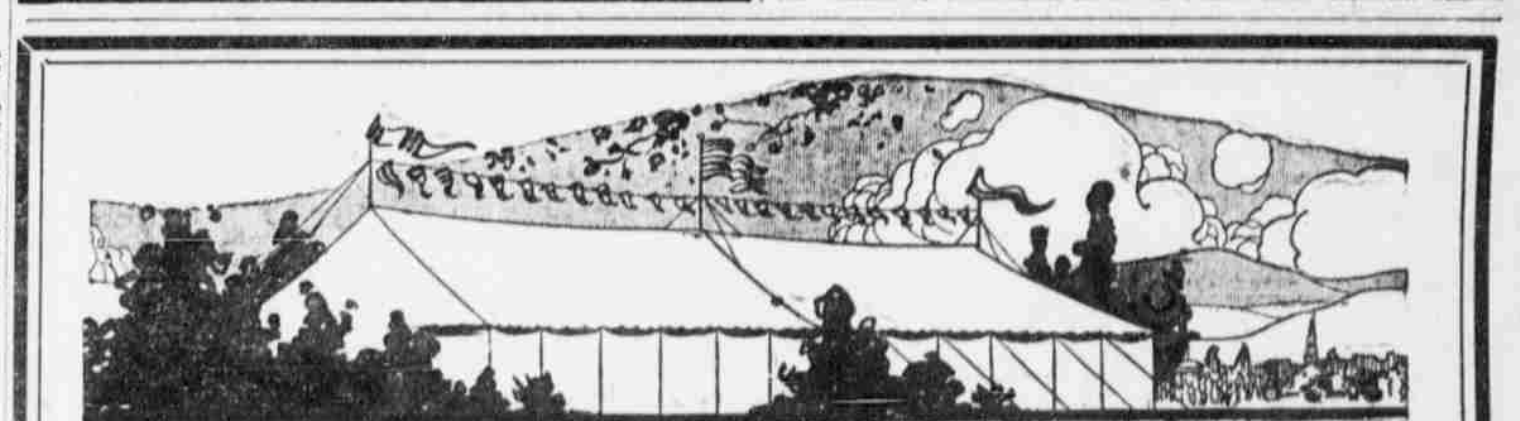

By the way, if you don't get one of the Purina Poultry, Cow or Horse Books, we know and we will see that you receive a complimentary copy.

Very truly yours,
